Al Baber, General Chairman
77th Anniversary Convention, A. N. A.

Dear Al,

Number One, I wish to sincerely thank you for granting me the opportunity to be a part of this first A. N. A. Convention in San Diego. Secondly, for your faith that I could do the particular portion of being Registration Chairman with the able assistance of Dorothy, your ample and talented wife.

My first responsibility in the above capacity was to organize, man and conduct the complete registration after the onset of the convention. Anticipation of 6,000 was well calculated - - by Convention Bureau count, it was 6,150.

I began formulating my volunteers some 90 days prior to the convention formally - - I'd requested and received volunteers months prior to that date. I would suggest firming at 90 days, and have additional alternates (50%). During the final 10 days, in confirmation, I found personal restrictions and the need for substitutes and additional personnel. Twenty-six from 9 Clubs in the area contributed time and effort - - many far beyond their share and others so little.

I feel the cost of registration alone can be covered completely at $100. I have spent approximately $60 to date and that includes post-convention postage of medals to non-attending members.

Proportionate contribution of volunteers should be recruited by every club and the club president made responsible of their timely presence.

Adequate mailing costs should be included in the pre-registration to defray the cost of post-convention mailing due to last minute, unforeseen circumstances.

Most sincerely,

L. L. Lundberg
